MEMORANDUM FOR: DC/SR/7/DOB

SUBJECT: Agenda for M. Abramtchik Meeting 6 September 1956

1. The 6 September 1956 meeting with Abramtchik on the Byelorussian ops potential and Byelorussian National Council matters will be the first since 1954, as far as the undersigned case officer is concerned. Therefore, it can be anticipated that the president of the BNR will be guided in part by his own agenda. This will undoubtedly include a discussion of ABQUOR Team II and its disposition. Discussing of this topic should be kept to a minimum since the memory of it may reflect itself in future ops. It would be sufficient to express our regrets, note the difficulties in the resupply attempt and indicate that we are prepared to pay the \$30,000 insurance to the beneficiary designated by the members of ABQUOR Team II (3 agents \$10,000 insurance per man).

2. Anything else which Abramtchik may choose to discuss will have to be played strictly "by ear."

3. Our own agenda will include:

a. A continuation of the Abramtchik ☐ ☐ Paris talks on agent candidate potential and recruitment.

b. A discussion and receipt if possible, the names of those potential contacts whom Abramtchik may feel could aid in the establishment of an internal BSR contact system and reception points.

c. The limited role of the BNR in the new approach to REDBOX operations. They will be the same as in the Ukrainian show i.e. the BNR will spot the bodies, CIA will handle the entire show from there. Any incidental intelligence which could benefit the CIA-BNR relationship as a result of a successful operation will be shared.

d. The designation by Abramtchik of a BNR contact in the United States who could act as the PA for ops and recruitment matters.
